1) Economic and financial capacity of candidate:

In the case of the applicant being a public body equivalent information should be provided:

1. the average annual turnover of the candidate for the years 2007, 2008 and 2009 (2007 is considered to be 2 years before last, 2008 is considered to be the year before last and 2009 is considered to be last year) must be equal to or exceed 730 000 EUR;

2. the cash and cash equivalents of the candidate at the end of the years 2007, 2008 and 2009 are positive.

2) Professional capacity of candidate:

1. at least 5 staff currently work for the applicant in fields related to this contract (SME sector policy and support measures, or assessment/surveying economic development and growth); and

2. at least 20 % of all staff working for the candidate this year in fields related to this contract (SME sector policy and support measures, or assessment/surveying economic development and growth) are permanent.

3) Technical capacity of candidate:

1. the candidate has worked successfully on at least 1 technical assistance project (contracted as 1 single contract) covering at least 2 of the following fields:

(1) assessment of the business environment on development of SMEs;

(2) SME sector policy; or

(3) SME 'Observatory' or 'Performance review'.

These (2 or more) fields can be covered by 1 single project or each field could be covered by a separate project. The project(s) must have been completed in 2007, 2008, 2009 or 2010 (by time of submission of application);

An economic operator may, where appropriate and for a particular contract, rely on the capacities of other entities, regardless of the legal nature of the links which it has with them. It must in that case prove to the contracting authority that it will have at its disposal the resources necessary for performance of the contract, for example by producing an undertaking on the part of those entities to place those resources at its disposal. Such entities, for instance the parent company of the economic operator, must respect the same rules of eligibility and notably that of nationality, as the economic operator.

If more than 8 eligible candidates meet the above selection criteria, the relative strengths and weaknesses of the applications of these candidates must be re-examined to identify the 8 best applications for the tender procedure. The only factors which will be taken into consideration during this re-examination are:

the total number of projects managed by the candidate according to criterion 3;

in case of competition between 2 or more candidates having the same number of eligible projects, the candidates will be ranked in descending order according to the total amount of their own contribution to the eligible projects.
